Membership fees \$35 for 1 year – **daily fees \$3 plus \$4.00 lunch**

Open Tuesday, Thursday & Saturday 8am-2pm

-Printed by Ipswich City Council-

First, a very big thank you to Terry for an excellent job in getting the majority of this newsletter ready for issue. An amazingly good effort – thanks again Terry.

We are sorry to hear that Bob is not recovering well and our best wishes are extended to him.

Upcoming this month we have another Bunnings Barbecue (the last we have booked for this year so far) and what I hope will be an interesting talk on a subject that is likely to touch each and every one of us now or in the future – Alzheimer's and Dementia. Please be there if you can.

Although it is some time off as yet, please be aware that the AGM will be held at the end of July or early August. Whilst I cannot speak for others on the committee, I can advise that I will not be re-standing this year. It is important that we consider the future direction of the shed even this early into the year; and if anyone can see themselves taking a position on the executive, training can be provided (where necessary) to ensure a smooth transition later in the year. Please see myself or Arthur if you are considering standing for a position. Thank you.

Laurie Caldwell – President.

DID YOU KNOW THERE IS A MEN'S SHED IN EBBW VALE?

45 GRENADIER CIRCLE EBBW VALE

BRIAN'S FUNNIES

My husband and I went through the McDonald's driveway window and I gave the cashier a \$5 bill.

Our total was \$4.25, so I also handed her 25c.

She said, 'you gave me too much money.'

I said, 'Yes I know, but this way you can just give me a dollar back.'

She sighed and went to get the manager who asked me to repeat my request.

I did so, and he handed me back the 25c, and said 'We're sorry but we don't do that kind of thing.'

The cashier then proceeded to give me back 75 cents in change.

Do not confuse the people at MacDonald's.

We had to have the garage door repaired.

The repairman told us that one of our problems was that we did not have a 'large' enough motor on the opener.

I thought for a minute, and said that we had the largest one made at that time, a 1/2 horsepower.

He shook his head and said, 'You need a 1/4 horsepower.'

I responded that 1/2 was larger than 1/4 and he said, 'NOOO, it's not. Four is larger than two.'

We haven't used that repairman since...

I live in a semi-rural area.

We recently had a new neighbor call the local city council office to request the removal of the DEER CROSSING sign on our road.

The reason: 'Too many deer are being hit by cars out here! I don't think this is a good place for them to be crossing anymore.'

IDIOT SIGHTING IN FOOD SERVICE.

My daughter went to a Mexican fast food and ordered a taco.

She asked the person behind the counter for 'minimal lettuce.'

He said he was sorry, but they only had iceberg lettuce.

I was at the airport, checking in at the gate when an airport employee asked, 'Has anyone put anything in your baggage without your knowledge?'

To which I replied, 'If it was without my knowledge, how would I know?'

He smiled knowingly and nodded, 'That's why we ask.'

The pedestrian light on the corner beeps when it's safe to cross the street.

I was crossing with an 'intellectually challenged' co-worker of mine.

She asked if I knew what the beeper was for.

I explained that it signals blind people when the light is red.

Appalled, she responded, 'what on earth are blind people doing driving?!'

She is a government employee.....

When my wife and I arrived at a car dealership to pick up our car after a service, we were told the keys had been locked in it.

We went to the service department and found a mechanic working feverishly to unlock the driver's side door.

As I watched from the passenger side, I instinctively tried the door handle and discovered that it was unlocked.

'Hey,' I announced to the technician, 'its open!'

His reply, 'I know. I already did that side.'

STAY ALERT!

They walk among us, they breed, and they vote.....

Interesting:

At the shed on Saturday, Ken Arkinstall displayed a steam engine he built himself a number of years ago. We have some very clever people in the shed. Thanks Ken.
